SKILLS

- **Programming Language:** Dart
- **Framework & SDK:** Flutter
- **Backend & Cloud:** Firebase, Firestore
- **State Management:** Provider
- **API Integration:** REST APIs, Postman
- **UI/UX Designing Tool:** Figma, Canva
- **Development Tools:** Android Studio, Antigravity, Git/GitHub

EXPERIENCE

- **Flutter Developer Intern (Remote) | Neuro App**

Dec 2025 – Jun 2026

Completed a remote internship, developing cross-platform mobile applications using Flutter with **Firebase** and **Google Maps API** integration. Collaborated with the development team to build responsive UI components, implement features, and optimize app performance.

EDUCATION

- Diploma of CIT | Rawalpindi Polytechnic Institute 2023-2026
- Matric (Science) | Govt New Islamia High School 2022-2023

PROJECTS

- **Cut Count**

Developed an offline Flutter-based barber shop management app with a clean, user-friendly interface, enabling daily earnings tracking, customer record management, and complete service history storage.

- **O News**

Designed a modern mobile news app concept focused on educational, science, technology, and health content, featuring a clean and engaging UI/UX without political or entertainment-based news.
